

Cangene Corporation, a life sciences company headquartered in Winnipeg Canada, is looking for a Director of Human Resources for their subsidiary Cangene bioPharma. www.cangenebiopharma.com

This HR generalist role will be located in Baltimore and report to the Director of HR for Cangene Corporation. This role requires a high energy, take-charge person who can initiate projects and activities and collaborate well within the company. This position will be responsible for all HR activities for a 100 person pharmaceutical manufacturing site in Baltimore and the 30 person admin/sales office in Philadelphia. Important functions will include; recruitment, employee relations, training and development, compensation and benefits administration and compliance.

Ideal candidates will have 10-15 years of hands on HR generalist experience. Experience in the life sciences and/or manufacturing is highly preferable. Critical success factors include, hands on head set, ability to execute projects, high energy, collaborative style, and able to multi-task. This is a one person HR function. We are looking at local candidates only. No company paid relocation.
